HEALTH DEPARTMENT

Dear Sir,

Sub:- Instruments & Apparatus for the proposed Kasturba Medical College - Import Licence.

We had placed an order for Instruments and Apparatus for our Medical College with M/s. Adgar Dutt and Co., a firm in London through their office at Bombay. As required under the present Import Policy, we had to apply to the Dy. Chief Controller of Imports, Bombay in December, 1952. Subsquently as desired by them under their circular of 28-1-1953, we had to submit the extra copies of the application for licences on 4-2-1953.

In response to the above we were directed to correspond directly with the D.C.C.I., Madras for further reference and our application also was forwarded to them, vide their letter dated 19-2-1953. Accordingly, we had to write to D.C.C.I., Madras on 26-2-53 and 3-3-53 and had to request them to expedite the issue of the necessary Import Licence, as the despatch of the necessary articles was detained for want of the said licence.

To-day, we learn that our application has been forwarded to D.C.C.I., Wellington Island, Cochin.

We are unable to understand why matters are drifting like this when they are so urgent as you can appreciate. We shall, therefore, be highly grateful to you if you can get the licences expedited so that the shipments may not be delayed on this account. Also, please see whether any concession of custom's duties can be granted for this import.

Lastly, we are enclosing herewith the copies

P.T.O.

of the entire correspondence taken place in this connection for your information.

Thanking you,

We remain,
Yours faithfully,

Dear Sir,

We are sending herewith application No.27836 duly signed by us along with the Udipi Treasury - Chalan No.120 for Rs.25/- dated 30-12-1952. The Goods proposed to be imported are for a Medical College - proposed to be started for which the Karnatak University has assured affiliation and the Government of Madras have assured their patronage, as per copies of documents enclosed.

The shipment of the proposed goods is intended to be to the Bombay Port and hence we request you to issue the licence accordingly. We have not stated the classification under para 5 iii as the goods proposed to be imported cover several different categories of the schedules. As the requirements are very small under each category, we have preferred to apply for a single licence along with a list of 31 items appended thereto which we trust you will accept.

Yours faithfully,

Sd/- T.M.A. Pai,

Medical Colleges - Kasturba Medical College, Udipi - Apparatus and Materials - Importing of - Exemption from Customs duty.

From the Registrar, The Academy of Gen. Edn, Udipi dated 7-3-53.

" the Govt of India, Ministry of Health Commerce and Industry No. 1605 Imp A/53 dt 19-3-53

the Registrar, the Academy of Gen. Edn. Udipi dated 25/3/53

At the instance of the Registrar, the Academy of Gen. Education, Udipi, the Govt of India was requested to expedite the grant of import licences to the Academy for the purchase certain apparatus and material for the proposed Kasturba Medical College, Udipi. Vide Do on p 13 CF. The Registrar has now reported that the import licences required have been since received Vide his letter on p. 17 ante. He enquires whether, since the apparatus and materials are intended for educational institutions, they will be exempted from the customs duty and if so to indicate the procedure therefor.

It may be stated in this connection that goods imported by State Govts for the use of the Service Depts i.e. other than Commercial Depts are exempted from the payment of the Customs duty. As regards foreign goods purchased from dealers in India, the customs duty on the goods would have been paid by the dealers when the goods were landed in India and the price charged by the Firms would have been included customs duty.

In the circumstances it would appear that the present equipment are to be purchased

from a private firm for + a private medical college, and as such, no exemption seems admissible from the customs duty.

Dept. may see if any remarks ~~before a reply is given to the Registrar~~
